Rising juniors (current sophomores) are highly encouraged to apply to NEXGEN during the application window which will be available February 2 through February 28, 2025. Interviews will take place at Providence in March. If you are interested in learning more about NEXGEN, you can find more information [here](#).

### **SAT Reminder**

SAT reminder for Junior students:

You will be taking the SAT on Thursday, March 6 at PHS. This will run like the PSAT, and you will be using Chromebooks for the administration. There will be no cost to you and you will not have to register for this on your own, we will do this at PHS. Please do not schedule any appointments for this day.

To prepare for this exam, you can find free test prep at <https://www.khanacademy.org/test-prep/digital-sat>

Your counselors will be coming into your classes to complete your test set-up in "Bluebook" and you will have the opportunity to look at a test pre-view in the next few weeks.

### **Seniors:**

Please continue to share all acceptance letters and scholarships with the PHS Counseling Office. Additionally, please continue to check the PHS Scholarship Database for all current opportunities. There are MANY scholarship applications open and available. Please look at the PHS Scholarship Database for them. This document is fluid - and it is updated frequently! You can access it [here](#).

Earlier this week, Mr. Gabehart emailed information regarding financial aid letters and appeals request. You can view a video recording on "Understanding Your Financial Aid Package" as well as some tips on requesting additional aid [here](#).

### **Summer Programs:**

Want to spend part of your summer on Notre Dame's campus? Notre Dame's Office of Pre-College Programs is offering an exciting opportunity for current Sophomore/Junior students called Summer Scholars. The Summer Scholars program is an intensive two week session on Notre Dame's campus in which students take challenging college-level courses taught by Notre Dame faculty. The coursework is a true preview of college academics—it is both rigorous and rewarding, and students earn one transferable college credit upon the completion of a program track. Students collaborate on coursework outside designated class times as they would in any college setting. There is also ample time to enjoy the social facets of college life, especially those unique to Notre Dame.

The 2025 Summer Scholars program is offered in two sessions. Session I will run June 7 - June 21 and Session II will run June 28 - July 12. **Applications are live and are due February 19, 2025.** This program typically costs \$4,950, but Providence students who are accepted can attend the program for **FREE**. There shouldn't be a fee to apply, but you will have to complete the financial aid form to have the tuition fees covered.
